HOSTILE SURVEILLANCE SPECIALISTS

OVERVIEW

Terrorists and hostile actors conduct detailed, covert pre-operational surveillance on potential target locations.

MSA Security's® Hostile Surveillance Specialist (HSS) Program was designed to identify and interdict. Highly-trained operatives provide covert monitoring of your business' critical areas of activity to identify suspicious behavior and all-hazard threats.

BACKGROUND & EXPERIENCE

MSA's HSS Operatives are active or retired members of elite law enforcement units, including SWAT, bomb squad and detective squads. They are highly experienced professionals with specialized skills and training.

Training & Certification Often Includes:

Active Shooter Response
(MSA's Proprietary Golden 15 Program)
Counterterrorism
Counter-surveillance

De-escalation
Evacuation Protocols
National Incident Management System

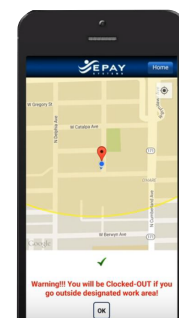

Drawn from the Ranks of:

Bomb Squad
Counterterrorism Division
Detective Squads

SWAT
Intelligence Division
Joint Terrorist Task Force

SCHEDULING MANAGEMENT

MSA utilizes a state-of-the-art technology program to facilitate the administering of field deployments. The software program, EPay, delivers schedules directly to operatives and notifies them of any changes in real time. Operatives utilize the software's mobile app to clock-in once arriving to their post, confirming location and attendance. The platform also maintains site-specific post orders, accessible to field employees at all times. All deployment activity is managed by MSA's full-time scheduling department, staffed around-the-clock. Throughout our 30 years in business, MSA has continually implemented techniques and technologies to streamline all scheduling operations, guaranteeing coverage and accountability.

DEPLOYMENT & RESPONSIBILITIES

Commonly Surveilled Activities:

- Unusual or prolonged interest in security force deployments or measures
- Suspicious note-taking, video footage or cellphone camera use
- Probing questions of security personnel about capabilities
- Penetration testing of security systems
- Unusual observation of security patterns or procedures
- Suspicious vehicles entering, leaving or parking in facility areas

Common Responsibilities:

- Engage suspicious personnel and document all incidents
- Provide briefings on all information acquired
- Assist security directors and managers in differentiating between normal and potentially hostile surveillance behavior
- Act as the facility's liaison to local law enforcement and other government agencies

HSS operatives are supported by MSA's Intelligence team. The Intel team conducts daily open source research and sends out alerts on the global threat environment.

Operatives in the field are updated on a near-real-time basis about events that may impact their clients' security operations.
